

# ADG

The Academy of German Cooperatives ADG at Montabaur Castle is the main provider of capacity building services for the cooperative sector in Germany. The focus of ADG's work is to provide further qualification to managers from cooperative banks as well as other cooperative companies. Client orientation, innovation and dedication to quality are the main drivers for our thinking and acting.

Since about 10 years, ADG has an international department that carries out projects focusing on training and consultancy for financial institutions worldwide – especially in emerging and developing countries.

For our international department, we are looking to fill an

## INTERNSHIP POSITION

### Your tasks:

- You support our team in the development of proposals and concepts for project tenders on financial system development (focus: trainings) by contributing with input and research.
- You assist in the design, implementation and the support of international study groups, seminars and conferences.
- You support our team with the backstopping and management of on-going international projects.
